In a popular family tradition in Finland, young children dress up as cheerful Easter witches and go from door to door, giving blessings to drive away evil spirits in return for treats. They carry colorfully decorated twigs—and baskets for their treats, of course! The witches say a traditional rhyme at the door: *Virvon, varvon, tuoreeks terveeks, tulevaks vuodeks; vitsa sulle, palkka mulle!* (In English: I wave a twig for a fresh and healthy year ahead; a twig for you, a treat for me!). If they are lucky, they might get some chocolate eggs, sweets, or small coins.

As Easter approaches, children plant grass seeds in dishes of soil. When the grass grows, it shows that spring is here.

In many western Finnish villages, people light bonfires to drive away evil spirits on the evening of Easter Saturday.

Finnish sweet company Fazer makes chocolate eggs inside real eggshells!

How to make your Finnish Easter branch (it is VERY simple!)

1. Find a small branch. If it is damp from being outside, let it dry before you use it.
2. Use colored paper, ribbons, feathers, beads, or anything colourful you can find at home to decorate your branch.

Tip: We stuck the feathers in the beads to keep the beads on, but you could also tie feathers on with ribbons, tie a ribbon above a bead to stop it falling off—or even use sticky tape.

HAVE FUN!
